(Ehrenberg, Arizona) )

**PETITION FOR RULEMAKING**

To the Chief, Allocations Branch:

Daniel R. Feely ("Petitioner") respectfully requests the Commission initiate a rulemaking proceeding for the purpose of considering amending Section 73.202(b) of the Commission's rules. In support whereof the following is stated:

2. Petitioner proposes the Commission allot FM channel 275C2 to Ehrenberg, AZ as its first aural service. This would require amending Section 73.202(b) of the Commission's rules as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Ehrenberg, AZ	-	275C2

3. Ehrenberg is an Census Designated Place located in West Arizona. It is located at the border of Arizona and California along Interstate Highway 10 in La Paz county. In 1990, the United States Census Bureau estimated Ehrenberg had a population of 1357 persons. FM channel 275C2 would not only serve the residents of Ehrenberg, but as a wide area FM station it would also serve the thousands of travelers that use Interstate 10 daily.

4. FM channel 275C2 can be assigned to Ehrenberg in full compliance with the Commission's minimum distance separation requirements for domestic stations. This is illustrated by the attached spacing study. Coordinates used are N 33:36:54, W 114:30:54 and are the reference coordinates listed in the National Atlas for Ehrenberg. The proposed allotment is 22.7 Km short spaced to Mexican vacant allotment 275B at El Golfo, SO, MX. Petitioner respectfully requests the Commission seek Mexican concurrence as a negotiated short spaced allotment.

5. Petitioner, or an entity with which he is affiliated, intends to apply for a construction permit to activate channel 275C2 if it is assigned to Ehrenberg as proposed. If his application is granted, he shall promptly construct and operate the proposed station.

6. Petitioner hereby verifies and affirms that the statements given in this petition for rulemaking are his, and are accurate to the best of his knowledge.

Respectfully submitted,

Daniel R. Feely
